

EVOLUTION TO HAVE TEST IN U. S. CAPITAL

Suit Brought May Throw Question Into Federal Courts

WASHINGTON, July 22. (Associated Press)—An action which may throw the whole evolution question into the federal courts for judicial determination as to whether the teaching of this scientific theory inculcates disrespect for the Holy Bible was begun here today by Loren H. Whittner, a government employee.

The vehicle employed is a rider to the 1925 District of Columbia appropriation bill which provides that "no part of this sum (for the public schools) shall be available for the salary of any superintendent who permits the teaching of any teacher who teaches disrespect for the Holy Bible."

The action is in the nature of an injunction proceeding directed at the auditor and disbursing officer of the District of Columbia and the United States, to prohibit them from making payments of salary to Frank W. Ballou, superintendent of schools, and W. P. Hay, head of the department of biology and chemistry in the Washington high schools.

Immediately upon the filing of the proceedings Justice Siddons of the District of Columbia supreme court issued a rule on the two district officials Daniel J. Donovan, James R. Lushy, and Mr. Whittner, directing them to appear July 23 to show cause why an injunction should not issue against them.

In his petition, Whittner sets forth that he believes the suit in his right as a taxpayer. After the filing of the suit, he declared he was acting for himself. He is represented by Attorney R. H. Dolby and J. N. Torrance, young Washington lawyers.

Explaining that the case here differs widely from that tried at Dayton, Tenn., Attorney Dolby said the local courts will be asked to interpret the words "disrespect for the Holy Bible" and that this should allow an infinite amount of evidence from scientists, religious liberals, fundamentalists, clergymen and educational leaders.

In the Dayton case, he added, the sole question was whether a state statute was violative and since admittedly it had been, the courts were left to decide only that question and the higher courts would be without jurisdiction on the question as to whether the law itself is in conflict with the constitution.

In his petition Whittner alleges eleven specific instances in which Ballou and Hay either teach or permit to be taught matter constituting the literal words of the Bible. The rider to the District appropriation bill upon which the suit is predicated was sponsored by Representative Summers, Republican, Washington, and includes in its prohibition besides, disrespect for the Bible the teaching of particular politics or that "there is an inferior form of government."

Examination of house debate on the rider disclosed nothing that would indicate whether the author had in mind the question of evolution.

Whatever may have been Mr. Summers' idea, it is regarded now as certain that the subject of evolution will come before congress at the next session, if in no other way than by consideration of the rider to the district appropriation bill.

Mr. Whittner is a native of Illinois and at one time was a candidate for congress from that state.

DAWES BUSY MAN IN WESTERN STATES TOUR

DENVER, Colo., July 22. (By Associated Press)—Between jumps that will lead him variously from Denver to Cheyenne, to Wagon Wheel Gap, thence to Omaha and back to Chicago, Vice-President Dawes tonight continued his attack on the present senate rules and advocated their change by a provision that would enable the majority instead of two-thirds of the senate to bring debate to a close, in an address in Denver's municipal auditorium.

The Dawes party arrived here shortly after 3 o'clock this afternoon and was met at the Union Station by city, state and army officials, including Governor Morley and Mayor Benjamin Stapleton as well as persons high in Republican party councils, who included Senator Rice W. Means.

THE DAY IN WASHINGTON

(By the Associated Press)

The evolution issue was taken to the District of Columbia supreme court.

Income tax records were ordered September 1.

Substantial record of the powers on the Chinese problem was reached.

The Nickel Plate hearing was continued before the interstate commerce commission.

September was fixed as a time for receiving a debt commission from Czech-Slovakia.

PRESIDENT AND WIFE ENCOUNTER STORM ON CRUISE ABOARD YACHT

Squall Drenches Crew And Passengers While In Choppy Sea

SWAMPSCOTT, Mass., July 22. (By Associated Press)—President Coolidge and his wife, Mrs. Coolidge, today on a cruise aboard the Mayflower, today on a trip along the coast to Pemberton, south of Boston, where he was guest at a floating visit to a cottage on the shore which once was his summer home.

The president, accompanied by Mrs. Coolidge, their son, John, Senator Curtis of Kansas, their house guest, and Secretary Sanders, boarded the yacht at Marblehead harbor early in the afternoon. It was drizzling at the time, but it was not until the yacht had nosed its way into Massachusetts Bay in the face of a stiff wind from the southeast that a choppy sea was encountered.

The Mayflower rode the waves easily and rain discomfort was experienced by any members of the presidential party until it was forced to take to a large to land at Hull.

The little craft pitched and tossed as it made its way to and from shore, a landing being made with difficulty.

Members of the crew including Captain Adolphus Andrews, commander of the Mayflower, were drenched and the President and Mrs. Coolidge were sprayed as the large yawl rolled in the trough of waves.

Another squall, with rain falling in torrents and lightning flashing intermittently, was encountered by the Mayflower on its return trip to Marblehead. The going was not rough, however, as the yacht was traveling with the wind to its back.

Disembarking at Marblehead in the rain just before dark the presidential party returned immediately by motor to the summer whitehouse. Mr. Coolidge made the trip to Pemberton at the request of Louis R. Liggett, an old friend, to attend the National convention of the United Drug company. While the president was ashore there was a rain and he spent most of his time watching a truck trapeze act break eggs, bricks, flat targets and what not with rifle bullets.

SEEK TO DISCOVER CANCER IMMUNITY

BATH, England, July 22. (By Associated Press)—Dr. William T. Gye, and J. B. Barnard, microbiologists, retold the story of their cancer discoveries to the British medical association behind closed doors today. Nothing new, however, was added to the essential facts that have been published. After the meeting Dr. Gye said the great object of his search is immunity from cancer.

"We are seeking a prophylactic of immunity to make man or animal set protect against spontaneous tumors," he explained. "I shall have to consider claims of vaccination in our search for immunity."

"If the work we have done is true, then the essential agent which causes smallpox is the same as that which causes cancer, namely little organisms, that have eluded discovery both on account of their smallness and because of their ability to hide in the immune system. It depends upon some accessory action."

NEGRO DID NOT REMIND WARDEN TO HANG HIM

OKLAHOMA CITY, Okla., July 22. (By Associated Press)—Warden W. S. Key, of the Oklahoma State penitentiary today asked Governor Trapp what to do when the state forgets to execute a condemned man.

Johnny Washington, negro, was to have died on Emancipation Day, June 19. But Washington is neither emancipated nor executed. The fatal day came and went and Washington did not remind the warden.

When the negro was sentenced to die, his counsel gave notice of appeal, and the governor granted a stay of execution for six months. The appeal never was filed and the stay expired on June 19.

The governor said he would submit the record to the criminal court of appeals to determine if the prisoner has been deprived of any right and if not Washington will be taken back into district court of Tillman county where he was originally sentenced for the murder of a peace officer and a new date for his execution will be set.

ABOLISHMENT OF STATE HONOR FARM ADVOCATED

Chicago, July 22. (AP)—The Chicago City Council today adopted a resolution favoring abolition of the honor farm conducted in connection with the state penitentiary. The resolution called attention to the fact that 10 prisoners, some of them sentenced for the murder of Chicago police-men had escaped from the honor farm, the latest to escape was "Boss" Webb, who was serving a life sentence for killing a Chicago officer.

MURDERERS OF DEPUTY ADMIT THEIR GUILT

One Seriously Wounded When Captured Near Carlinville

CARLINVILLE, Ill., July 22. (By Associated Press)—Paul Blackburn, one of the two men captured today in a corn field near here, by deputy sheriffs confessed at noon that he and his companion are the men who Monday night shot and killed Deputy Sheriff William Barnes at Nilwood near here.

Blackburn, who at first gave his name as Lockwood, made a full confession, according to county authorities. He gave his age as 19 years, his home as Chicago, and said that he was an automobile mechanic. Charles Lewis, captured with Blackburn, said that he was 15 years old and that he was a railroad clerk in Chicago. Lewis is said to have confirmed Blackburn's confessions.

Blackburn was seriously wounded when captured, a revolver bullet in his neck and a number of slugs from a shot gun in his shoulder promising to give trouble. When word of the capture was flashed to posses which have been combing the county for the men that shot Barnes down at a Nilwood filling station, large crowds began to gather in Carlinville, and for a time some trouble was feared, but most of the members of the posses had been at work night and day since the shooting and were glad of the opportunity to catch up on their sleep.

The fugitives blamed the constant pursuit for their capture. They said that they had been forced to keep moving ever since the shooting by the posses and that they were unable to stop for a rest for fear they would be spotted by an airplane from Springfield that assisted in the search. They were captured at Enos station, six miles west of Carlinville.

The men were seen by the crew of a train on the Elwood division of the Chicago and Alton railroad, as they ran through a corn field paralleling the train tracks. The crew reported this to authorities and two deputies made the capture.

Both men were supplied with a new outfit of clothing but apparently they had not had an opportunity to change, as they were carrying the new clothing when caught.

Under questioning the men asserted that they had been beating their way south from Chicago when they were caught. The car in which the bandits are supposed to have come to this vicinity bore a Chicago license number and is thought to have been stolen.

FORD BIDS FOR SHIPS MAY BE THROWN OUT

WASHINGTON, July 22. (By Associated Press)—Possibility that the bid of \$1,700,000 by Henry Ford for purchase of 200 shipping board vessels for scrap metal may be thrown out on the ground that any sales made for junking would be contrary to the merchant exchange act is understood to have developed today with the dispatch of a message to President Coolidge by Chairman O'Connor asking that the attorney general rule on the question.

Mr. O'Connor would not admit that such a message had been sent saying any announcement would have to come from Swampscott.

The chairman is understood to have made his request when Commissioner Benson raised the question whether the scrapping policy was in accordance with the law which, he feels, might restrict sale of ships for operation purposes only.

PLENTY OF BAD LACK BUT STILL SMILING

Peoria, Ill., July 22. (AP)—Although yegmen got \$4,000 from the sale of a bakery plant here of which Charles Ludwig is manager, he is still smiling today. The completely destroyed \$75,000 plant Monday, his son and daughter-in-law here visiting from Reading, Pa., both took ill with influenza Monday; a valuable horse of the bakery firm died Monday; his wife was stricken Tuesday and may undergo an operation; and two of the firm's motor trucks bringing bread from Springfield early today were slightly damaged in a crash. Ludwig avows an "immediate combat with the 'jinx' that is following him and will reconstruct the plant. Fifty men started working night and day.

STING OF BEE IS CAUSE OF DEATH

Americus, Ga., July 22. (AP)—The sting of a bee caused the death here today of Walton Knox, 32, of Preston, Ga. Mr. Knox was stung yesterday afternoon, rendered unconscious in a short time and was rushed here. He never regained consciousness.

POPE PIUS III

Rome, July 22. (AP)—A newspaper today published a report that Pope Pius had been taken ill, but not seriously and that his condition would necessitate a complete rest.

Scott Places Hope In "Hands Of Almighty"

CHICAGO, July 22. (By Associated Press)—For the second time within a week Russell Scott, tonight stood within the shadow of the gallows and announced that he was placing all his hope "in the hands of the Almighty."

Scott, former Canadian financier, sentenced to hang for the murder of a drug clerk during a holdup in 1924, was given a week's reprieve by Governor Small last Thursday night, six hours before he was to have been executed.

The reprieve came after a telegram from Detroit was sent to Governor Small, signed Robert Scott, Russell's brother, indicted with him but never found, and stating that Robert was the slayer and would surrender.

This telegram was later confessed was sent by a Detroit man who had brooded over the case but did not know the Scotts.

Russell, with less than 36 hours separating him from death tonight said he believed he would escape the gallows if Robert could be found. From the state's attorney's office came the statement, "if we find Robert, we will hang them both."

Mrs. Catherine Scott, the condemned man's wife, visited him again today shortly before the double watch was placed over him in the death cell, this likewise for the second time within a week.

Except for a last minute dramatic appearance of Robert Scott, or the introduction of new evidence which might cause Governor Small to issue a new reprieve Scott's attorneys indicated tonight they had little hope of saving him. Most of this hope lay in the fact that they are trying to obtain from two women who witnessed the shooting that whose name have been kept secret.

These women, both married, but present in the drug store with men not their husbands, say Robert and not Russell fired the shots but have hesitated to make affidavits because they fear the notoriety. Scott's attorneys say.

Appeals to President Coolidge, Governor Small and other officials for clemency have been made while friends of Scott's and club women in Windsor, Ontario, his former home, and in Detroit are working to save him.

Informing that Detroit reported a close personal friend of Governor Small as saying the governor would grant him a reprieve or commutation tomorrow, Scott tonight expressed surprise and seemed inclined to doubt the story.

"It must be a mistake," he said. "If it were true, I think I would know about it before the newspapers."

It was reported tonight that a fund of upward of \$5,000 raised in Detroit for Scott's defense had been forwarded here. Mrs. Scott tonight addressed an appeal thru the newspapers to Robert Scott to come forward and surrender to save her husband for the sake of the Scott's three children.

DETROIT, Mich., July 22. (Associated Press)—A white door through which for a while tonight appeared that Russell Scott might pass to freedom from a death by hanging, cracked on its hinges as if to open when an unnamed close friend of Governor Len Small of Illinois, informed the Free Press of his receipt of a message from the governor to the effect that a sixty day reprieve possibly a commutation of sentence would be granted by the governor to Scott on Thursday. But the gateway remained slightly shut when after investigation it was concluded to record the incident as another miscarriage of plans to save Scott from the gallows.

Scott's attorneys indicated tonight they had little hope of saving him. Most of this hope lay in the fact that they are trying to obtain from two women who witnessed the shooting that whose name have been kept secret.

These women, both married, but present in the drug store with men not their husbands, say Robert and not Russell fired the shots but have hesitated to make affidavits because they fear the notoriety. Scott's attorneys say.

CHINA WILL RECEIVE DEFINITE PROPOSALS FROM OTHER NATIONS

Views To Be Presented By Peking Diplomats In Near Future

WASHINGTON, July 22. (By Associated Press)—Definite proposals for settlement of pending questions growing out of the recent anti-foreign outbreak in China are expected to be transmitted to the Chinese provisional government by the Peking diplomats in the near future. The basis of these proposals has been worked out in numerous diplomatic exchanges at the various capitals and the proposals are now virtually in accord although certain aspects remain to be cleared up.

While details are lacking, it now seems certain that the settlement formula to be presented by the Peking diplomats will embrace two distinct elements.

They are:

Convocation of the Chinese customs revision conference with a postponement of delay and creation of a commission to inquire into extra-territorial matters at a date still to be fixed.

Reference of the question of responsibility for bloodshed in the recent Shanghai riots to a judicial inquiry with the Chinese government participating and all governments bound to abide by the findings.

Formal expressions from Japan of her desire to strictly carry out the commitments entered into with respect to China at the Washington conference is expected to pave the way for the first step.

Similar expressions from other governments are confidently expected as the result of the note proposing this course sent out by Secretary Kellogg.

Even with Japan, however, there remain details of the project to be worked out in conversations here and in Tokyo, but the preliminary informal exchanges are interpreted here as indicating clearly that the accord in principle has already been arrived at, not only with Japan, but with other protocol powers as well.

FAMILY EATEN BY ESKIMO CANNIBALS

Prince Albert, Sask., July 22. (AP)—A tale of cannibalism in the far reaches of Saskatchewan, north of Fond du lac, brought about by one of the worst famines in years, was told by H. C. Twigg, manager of a trading company post who arrived today. Twigg said that provincial police were investigating the report of an old Indian hunter that Eskimos, driven to desperation by hunger, killed and ate a man, woman and child of a Chipewyan Indian tribe last winter. The trapper told of finding the bones of the victims and the place where they had been boiled over a fire and eaten.

AGRICULTURE SAFELY CONVALESCENT; JARDINE

WASHINGTON, July 22. (By Associated Press)—Agriculture is "safely convalescent," Secretary Jardine declared today in a review of the situation as seen from his eight week's western tour.

Farmers are getting out of the "shadow of bankruptcy," he asserted and there is a return of confidence.

Regarding the proposed change in the operation of the Chicago Board of Trade to prevent wide price fluctuations, Secretary Jardine declared that he had reasons to believe that the board itself would effect the necessary readjustments in trading methods.

"But," he emphasized, they are not going to repeat what they did during the first three months of this year. If they do something then something will be done. I know there is a lot of gambling there but it is difficult to get facts on gamblers."

Secretary Jardine reiterated that he favored some marketing machinery for the farmers and that it might be necessary for some legislation along this line, although he believed the farmers themselves would either work out some method of disposing of their surplus products or avoid creating surpluses.

SELECTION OF NEW STAFFS SLOW PROCESS

Treasury Is Swamped With Applications For Positions

WASHINGTON, July 22. (By Associated Press)—Officials concerned with the revamping of the federal prohibition enforcement program continued today to give consideration to the selection of the men who are to take actual charge of enforcement in the field—the prohibition administrators—and the discussions brought only a reduction in the lists of the hundreds of men who have been put forward, either by themselves or others, as "available."

It had been planned for Assistant Secretary Andrews of the treasury to take up today the work of choosing the administrators at a conference with his immediate subordinates. That plan was upset, however, by a delayed train and the assistant secretary reached the treasury at five o'clock instead of noon.

As a result of his late arrival Mr. Andrews said tonight he contemplated little or no consideration of personnel questions. There have developed several questions, described by the prohibition field marshals as house ends, which must be disposed of first and these are to be speeded up when he gets back in the harness again tomorrow after an absence of five days.

The assistant secretary just back from a tour of half a dozen points on the Canadian border of New York and Vermont feels that he has profited by it, although he was not ready tonight to discuss his plans. He has said previously, however, that he desired better cooperation between the field forces of three government branches engaged in dry law enforcement and it was obvious he had gathered ideas about how the customs service and agents of the prohibition unit along the border could be welded into a better working combination.

Mr. Andrews could not say definitely tonight when he would call his associates into conference on the personnel question. He is anxious to dispose of this phase of the reorganization because he recognizes it as the most difficult of all, yet he emphasized that he was not going to be rushed into how many men with whom he later might not be satisfied.

He added that it would not be absolutely necessary that the administrators be named in advance of August 1, the effective date of the reorganization and indicated that state directors and other officials of the present system would administer the law at least in extent some of the administrators have not been named by that time.

DAYTON NOW APPEARS "DESERTED VILLAGE"

DAYTON, Tenn., July 22. (By Associated Press)—Robert (Captain) Kidd, a messenger boy who has delivered hundreds of telegrams during the "Scopes trial," summed up the day after the trial in Dayton when he said that "made \$12 yesterday and the day before and nothing today."

The Tennessee seat of the evolution test was back to normal after a period of feverish excitement.

Little was left of the carnival air. Some of the concession stands remained standing but they were unoccupied.

The "No Parking" signs had disappeared leaving parking on a catch-as-catch-can basis.

John Thomas Scopes, the defendant, was planning to leave in a few days for his home in Paducah, Ky.

Clarence Barrow remained in Dayton today, his plans calling for a lecture in Knoxville tomorrow night and a vacation period following in the Tennessee mountains.

YACHT LOAN OF LIQUOR CAPTURED NEAR CAIRO

Cairo, Ill., July 22. (AP)—An ocean going yacht, loaded with Canadian club and Scotch whisky, was captured Tuesday night on the Mississippi river near Mendon, Mo., by Sheriff J. O. King and five deputies of Charleston, Mo. The yacht valued at \$50,000 was in charge of R. A. Boyd, who is held in the Charleston jail pending a hearing. He refused to tell from where the boat came or where it was going. Five other men who were on the boat are also in jail. One heavy truck load of the liquor was hauled to Charleston this morning while three deputies guarded the remainder of the cargo and the boat.

CHILD KILLS BROTHER WITH PISTOL AT PLAY

Bloomington, Ill., July 22. (AP)—A revolver found in a dresser drawer at their home in Danola, north of here dealt death instantly today to the youngest of two little boys, sons of Mr. and Mrs. Robert Shelly, Frederick, 6, was fatally wounded when a bullet from the gun he had asked his brother James, 8, to fire, struck him in the forehead.

CLOUDBURST FLOODS TRINIDAD COLORADO AND NEARBY COUNTRY

Santa Fe Railroad Bridge Is Washed Out—No Lives Were Lost

TRINIDAD, Colo., July 22. (By Associated Press)—The waters of the Puritator River that inundated a large area of the city early tonight following a series of cloudbursts had receded by midnight. No loss of life occurred and the property damage was mainly concentrated upon the traffic and railroad bridges of the city while the business and residential district were under water. The destruction of the large steel Santa Fe railroad bridge at Trinidad, three miles west of the city proved the greatest single loss.

With two bridge intact, connecting the north and south sections of the city, traffic was resumed and hundreds of stranded people were able to cross the still surging river.

However, threatening skies with intermittent lightning flashes gave promise of another storm and guards were detailed in all sections of the city to keep people off the streets.

Reports to railroad offices here indicated that the torrential flows in the streams of the region all the bridges had been undermined. The Santa Fe, Denver, Rio Grande & Western, and Colorado & Southern railroads run into the city.

The Denver, Rio Grande & Western System reported that 200 feet of trackage had been washed away and one bridge destroyed. The Colorado & Wyoming railroad operated by the Colorado Fuel & Iron company in the coal mining district near here reported bridges washed out at Valdez and Escudero.

County authorities received reports of six main bridges on highways washed out.

The city water works dam and reservoirs at North Lake remained intact.

The cloudburst occurred in two sections, the first coming at six o'clock, followed by a major deluge before seven o'clock. Rebounding walls of the river banks broke under the impact of the water and hundreds of people in the bottom lands were driven from their homes.

The Santa Fe railroad station and the Harvey Hotel were surrounded by water. Much trackage in the railroad yards and along miles of ways into the city was washed out. The Denver & Rio Grande Western railroad bridge near the city was washed out and passenger train due in from Denver shortly after seven o'clock is marooned several miles from the city.

Automobile and foot bridges in the city also were washed out completely isolating the north and south sides of the city, except for one small bridge which was closed by police.

Old residents say the flood is the worst in this city since 1904, when all bridges here were washed away and hundreds of thousands of dollars of property lost. Fully one-half of the business and residential districts today were submerged.

RIFFIAN MORALE IS WEAKENED BY FRENCH

FEZ, French Morocco, July 22. (By Associated Press)—The French successes in Morocco in the past few days have had a decided effect on the morale of the Riffi troops, and there are signs of weakening by Abd El Krim's adherents. The Beni-Mesluda tribesmen today offered to submit to the rule of the Sultan, making the prospect of his being undertaken to lead them into the "Promised Land"—Fez.

French reinforcements are arriving in ever-increasing numbers and are being equipped without delay. They will relieve the tired troops at the front. Preparations are under way to strike what Premier Painleve has termed a "smashing blow" should peace negotiations fail.

General Stanislas Naulin, the new commander-in-chief of the French forces, has established headquarters in the neighborhood of Fez. He is in communication with Marshal Dainin, and a great offensive against the Moors appears imminent.

SEVERAL HURT WHEN BLEACHERS COLLAPSE

Cheyenne, Wyo., July 22. (AP)—A section of bleachers at Frontier Park collapsed at 2:45 o'clock this afternoon during the Frontier Days Wild West celebration. One woman sustained a fracture of the leg and several other persons were less seriously injured.

Three hundred persons were precipitated to the ground when the seats gave way. The injured included: Fred H. Wasson, Juv. Station, Ill., and Jeannette Marxen, Duquoin, Ill.

RESIDENCE DISTRICT IN DETROIT HAS FIRE LOSS

Detroit, Mich., July 22. (AP)—Fanned by a brick wind, fire swept the Gladstone-Ludlow residential avenue district late this afternoon destroying seven apartment buildings and one residence before being brought under control. The loss was placed at \$500,000. Two hundred families were made homeless by the work of the flames.

STRESEMANN VIEWS GIVEN TO REICHSTAG

Highly Satisfied With French And Belgian Stand

BERLIN, July 22. (By Associated Press)—Gustav Stresemann, foreign minister, today in the Reichstag gave the German reply to the redoubtable security proposals, said there were still some important points outstanding especially with respect to arbitration treaties in the position Germany is to take within the league of nations.

"We cannot accept," he went on, "that in arbitration proceedings the second should stimulate only the umpire. We also reject the attempt to substitute the objective opinion of individual states for arbitration."

The minister was confident the further discussions would lead to positive results. He expressed satisfaction at the good will shown by both France and Belgium in completely evacuating the Ruhr before August 16, and the French premier's declaration the Dusseldorf, Duisburg and Ruhr area shortly would be evacuated within the time set by the treaty.

He stressed Germany's exhortation to German people to overcome their mistrust still existing in certain quarters regarding the allies promises to Germany and he added:

"The note regarding alleged German details in the disarmament affair strengthens the view that there is no ground for further occupation of Northern Rhine-land."

"The French government has put it beyond doubt," the minister continued, "that it is prepared to carry out the exceedingly hard conditions pertaining to disarmament so far as possible. We have appointed a commission with special plenipotentiary powers. What the allies are entitled to demand by the Versailles treaty has already been partly performed and will still be performed in part."

"Some questions remain to be decided as a matter of principle because in our opinion the demands go beyond what is admitted by the treaty. That is the obvious line of demarcation we must draw. Conditions of intolerable harshness cannot be all on one side. This problem must be faced up beforehand with a great treaty structure, for which Germany is not lacking good will."

"The great problems of the present are these: that neither France nor Germany can economize in distrust be removed without the cooperation of the great world powers. Large sections of the other European nations have an interest in these powers intervening for the reconstruction of Europe, not a Europe of sanctions policy."

"The London schedule of payments cannot be endangered when the peace of Europe is not endangered. But it is just as certain that the schedule cannot be carried out if the policy of sanctions and mutual distrust remain the chief feature of European politics."

"The straight line of Germany's foreign policy leads by way of the liquidation of the Ruhr struggle and the 'mucron' agreements to the Dawes' plan and from the League of Nations scheme to a security pact."

Sherman is wanted in connection with the robbery at Blue Island, April 7, when robbery held up a passenger of an express train leaving Chicago and obtained \$10,00

W. J. BRYAN TELLS OF LIFE AND EDUCATION IN REPLY TO DARROW

Mentions Jacksonville And
Illinois College In His
Talk

DAYTON, Tenn., July 22. (By Associated Press.)—Discussing what he said was a charge of ignorance brought against him by Clarence Darrow during questioning in the Scopes case testimony, William J. Bryan here tonight said that Mr. Darrow attempted to take advantage of his lack of technical knowledge in matters of paleontology, archaeology and philology.

Mr. Bryan said that he planned to reply to this charge when the next examination was ended by the court.

"I am not acquainted with the details of any of the sciences to which Mr. Darrow referred," said the statement. "My reading on

these subjects has been general and not as a specialty.

It is unfair, however, that one should be condemned for lack of technical knowledge of a few subjects if he is acquainted with the subjects that are more important and with which all the people deal.

"As it requires a considerable part of a life time to acquaint one's self thoroughly with any one of these sciences, a man would have to spend many lives to be familiar with them all, even if he gave no time to the problems with which the mass of the people are dealing. My life has been spent in the study and discussion of economic, social and governmental problems and I am willing to abide in the judgment of those whose paramount interest is in these problems and they include more than 95 per cent of the population compared to the small percent who specialize in various lines of sciences however, what ever, their work might be.

Tells of Early Life

"Preparation for my life work began with a fortunate home environment, furnished by a father who had a classical education and a mother who shared his intellectual enthusiasm. My father was a lawyer, a member of the state senate, a circuit court judge, and a member of the Illinois constitutional convention. My parents were devout Christians, members of the Baptist church. My education began with instruction by my mother until I was 10, then instruction in the public school until I was 15, then six years at Jacksonville, Ill., two in preparatory work, and four in Illinois college, graduating as a valedictorian and class orator, then two years in the Union College of Law,

Chicago. My college degrees are Bachelor of Arts, Master of Arts, Bachelor of Laws and Doctor of Laws, the degree of Doctor of Laws having been conferred on me by four state universities and three other colleges.

In Jacksonville

"I practiced law for three years at Jacksonville, Ill., and four at Lincoln, Neb., before leaving the practice for politics. My official services cover two terms in congress and two years and three months as secretary of state.

"As a congressman, I dealt with every question then before the people, the chief ones being taxation, the monetary question, the income tax, and popular election of senators. As secretary of state I negotiated 52 treaties.

"In three presidential campaigns, I received each time nearly six and a half million votes, a million more than the Democratic party ever polled prior to 1896, and it was 20 years before our party polled more than that vote.

"In a trip around the world I was given audience by a number of kings, emperors, and prominent men and was cordially received by high officials throughout both the eastern and western hemispheres. My religious work has brought me into acquaintance with the leaders of different branches of the Christian church and I have spoken in synagogues as well as before congregations of many denominations.

"In all my varied experience before intelligent people in many lands as well as in every state in the union I was never called 'ignorant' or 'incompetent,' so far as I know by anyone except by evolutionists and the epithet was not used by evolutionists until I found it necessary to protect my family from the family tree by which evolutionists connect themselves with the jungle."

PLANE SQUADRON

IN SALT LAKE CITY

SALT LAKE CITY, Utah, July 22. (AP)—Six army pursuit planes being flown over the airport from Soltridge field, Mich., to San Francisco in a test flight to determine the efficiency of the air mail route for military flying, landed here at 3:05 o'clock this afternoon from Cheyenne, Wyo.

The planes were forced down at Rock Springs, Wyo., at 1:20 p. m., by a heavy rain but otherwise the flight was without incident. The planes will hop off tomorrow for San Francisco.

Frank E. Beatty and family of Waverly was among the Wednesday callers in the city.

AUTO CRASH KILLS ONE, INJURES THREE

AURORA, Ill., July 22. (Associated Press.)—A woman 62 years old, was killed and three others injured in a head-on collision between two automobiles at the corner of Pine and Hill streets, Glen Ellyn, yesterday afternoon at 5 o'clock. The dead and injured are:

Dead:
Mrs. Margaret McMahon, 62, widow, Maywood, died in a community hospital at Geneva.

Injured:
George McMahon, 50, Maywood, badly cut about head and body.
Miss Florence McMahon, 23, daughter of George McMahon, cut about head and body.

Fred Myers, 26, son of Chief of Police at Glen Ellyn, cut and bruised.

McMahon was driving into Glen Ellyn in his automobile at the time of the accident. His daughter was with him in the front seat and Mrs. McMahon, his sister-in-law, was in the back seat. They were traveling at a moderate rate of speed. McMahon testified at the inquest in Geneva this morning, when, at the corner of Pine and Hill streets, Myers' Meyers approached from the east in his automobile.

The two machines crashed head on at the street intersection, with such force that McMahon's car was turned over. His sister-in-law was thrown out of the machine and as it turned over she fell on top of her. McMahon and his daughter were thrown clear of the machine. Myers' car remained upright but he was thrown against the shattered windshield.

TIME FOR DEPOSIT OF SECURITIES EXTENDED

NEW YORK, July 22. (Associated Press.)—Formal announcement was made today by Kuhn, Loeb & Co. and the National City company of an extension to September 15 of the time for the deposit of securities under the Chicago, Milwaukee & St. Paul railway organization. The announcement also stated that application soon is to be made to the New York stock exchange for listing of certificates of deposit.

In extending the time for deposits, the reorganization managers insist that prompt reorganization is in the interest of the security holders. The discussion of proposals for delaying reorganization pending the outcome of efforts to secure increased freight rates for western carriers and an extension of the \$55,000,000 of notes held by the government has been helpful the announcement states. It has been made clear that the advantages to be gained from delaying reorganization are in no wise comparable to the advantages of prompt reorganization.

BEARDSTOWN MEN ARE GIVEN FLOOD DAMAGES

CHICAGO, July 22. (Associated Press.)—An arbitration commission adjudicating over flow damage claims of Illinois valley residents against the sanitary district of Chicago, in its first award to be made, settlements of \$72,150 in thirteen cases, in which damages of \$100,000 were sought.

The commission is composed of three Illinois circuit judges, F. C. Carpenter, Rockford; W. C. Radcliffe, Bloomington and J. G. Can Keuren, Duquoin.

The sanitary district has agreed to accept the commission's decision but the claimants are not bound to do so. Many, however, will accept the awards rather than carry their rights to the courts.

Approximately 600 claims aggregating \$7,000,000 are on file against the district. Some are 25 years old.

Today's awards:
L. F. Doyle, Hanapein, claim \$15,000; award \$2,600.
Edward Stuke, Beardstown, claim \$2,000; award \$4,700.
Henry Vette, Beardstown, claim \$10,000; award \$9,250.
Louis Sarff, Bath, claim \$15,000; award \$3,750.
Fred H. Schrader, Princeton, claim \$5,500; award \$2,800.
Edson Rehman, Frederick, claim \$5,000; award \$1,500.
Warren Fidler, Canton, claim \$10,000; award \$4,500.
M. L. Fidler, Canton, claim \$5,000; award \$2,800.
Peter Fidler, Canton, claim \$4,000; award \$2,225.
J. W. Ellis, Canton, claim \$10,000; award \$4,000.

Mary Wheeler, Putnam, claim \$4,250; award \$2,200.
James Kelly, Sheldon Grove, claim \$6,200; award \$4,100.
James Sparling, Putnam, claim \$8,500; award \$1,500.

The commission resumed hearings today on a second group of claims, awards on which will be announced early next week.

DEATHS

Sink

Miss Hallie Rimbey, 507 North Church street yesterday received word of the death of her sister, Mrs. James Sink, which occurred in Roodhouse. According to word received here Mrs. Sink had just climbed into an automobile preparatory to making a motor trip, when she was stricken. Her death followed a few minutes afterward.

Miss Rimbey went to Roodhouse upon receipt of word of her sister's death.

Mrs. Opal McFarly at Winchester spent yesterday in the city.

Miss Louise Flynn of Clements spent yesterday in Jacksonville.

Mrs. William Mortimer and daughter of Woodson spent yesterday in the city.

FRANCE PLANS DEBT FARLEY IN AUGUST

PARIS, July 22. (By Associated Press.)—After the negotiations now proceeding thru diplomatic channels have been brought to a satisfactory conclusion the French mission which will endeavor to settle the question of France's debt to the United States will be appointed.

This probably will be the end of August. The government has not yet decided on the composition of the mission and the powers that will be given it. It is weighing the relative merits of members of parliament, officials of the ministry of finance and bankers for membership.

Finance Minister Caillaux is strongly desirous of personally going to Washington. If the duties of his office will permit, he can reach a decision only at the last moment, however. The British debt negotiations with representatives of the ministry of finance and the treaty which were interrupted sometime ago by the resignation of Finance Minister Clemenceau, will be resumed Monday in Paris.

When the French representatives have concluded their task, M. Caillaux will decide on the advisability of conferring personally with Winston Spencer Churchill, British chancellor of the exchequer on the situation.

"FINDERS" OF BODY HELD FOR MURDER

INDIANAPOLIS, Ind., July 22. (By Associated Press.)—Joseph and Lawrence Burnett of this city tonight were arrested for the murder of Norman Hamilton, of Indianapolis, whose body was found beside the road near Beecher, Ill., last night.

The Burnetts were arrested on the request of the Illinois authorities who also identified the victim. The Burnetts reported to the Illinois police that they had witnessed the body of an unidentified man being thrown from the automobile. According to local officers Hamilton was a member of the Burnett gang.

Hamilton and the Burnetts have been arrested here several times for bootlegging and four cases charging violation of the prohibition laws are now pending against the brothers in the state courts. The Burnetts were arrested a short time after the telegraphic request from Illinois was received. Both denied knowledge of the slaying.

Mrs. William Mortimer and daughter of Woodson spent yesterday in the city.

SICK JUROR DELAYS OPAL ARTHUR TRIAL DURING EARLY HOURS

Defense Attorneys Ask Re-
turn of Pittman From
California

TUSCULOA, Ill., July 22. (By Associated Press.)—The trial of Opal Arthur, charged with slaying Charles Martin of Monticello in 1921 and throwing the body in the Sangamon river was delayed for a time today by a sick juror, shortly before noon he was able to resume hearing testimony.

A motion to have the court issue an order to bring Earl H. Pittman from a jail in Fulton, Calif., as a witness for the defense was taken under advisement. Pittman was the principal witness for the prosecution in the first trial when Arthur was sentenced to hang. The defense claims that the state's counsel, including Earl Edie, former state attorney, and Charles Mansfield, former assistant attorney general, entered into a conspiracy to have Pittman testify against Arthur promising him release from jail if he gave the required testimony.

The defense also objected to the introduction in evidence as exhibits, bottles which the state maintained contained scrapings of blood from the barn in which Martin was slain. The defense maintained that the bottles had been opened since the contents had been examined in Chicago by chemists three years ago. The court will pass upon the matter tomorrow.

SUFFERED TWO YEARS

Finally Relieved by Taking
Lydia E. Pinkham's Veget-
able Compound, Says
Mrs. Anderson

Rangleley, Maine.—"Lydia E. Pinkham's Vegetable Compound helped me greatly to relieve the pain in the back and back, headaches and tired feelings. I suffered two years and it seemed as though I could not get my work done from one day to the next. After reading letters from others who had taken the Vegetable Compound I decided to try it and now I can do all kinds of work sewing, washing, ironing and sweeping. I live on a farm and have five in the family so am busy most of the time. I recommend the Vegetable Compound to my friends and hope my letter will help some one to take your medicine."

Mrs. WALTER E. ANDERSON, Box 270, Rangleley, Maine.

Over 200,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

88 out of every 100 of the replies say "Yes," and because the Vegetable Compound has been helping other women it should help you. For sale by druggists everywhere.

The Preference now clearly
seems to be for

IT'S HERE! THE BIG DOUBLE BANKRUPT SALE

MDSE. ATTORNEY
IN FULL CHARGE

SPEAKS

I am a merchandise man. I know that the only way to bring crowds to a sale is to give them them bargains—I mean real bargains—not a few goods put out for bait, but values that will startle and delight—that's my way of selling merchandise in a hurry and that's the only way it will sell in a hurry. Of course, a merchant could not afford to stay in business if he sold goods at the low prices you see them advertised here. But remember—this is a bankrupt stock and was bought for a song—that's why the prices you see advertised here are so low. Crowds will flow into this store every minute of this great sale. You'll be here, your neighbors will be here. You'll see the price tags that boast the smallest margin of profit. There will be plenty of goods and plenty of sizes. Extra salespeople have been added to the regular force and arrangements have been made to handle the large crowds that are bound to take advantage of this unusual selling.

Very truly yours,
M. L. Goddard
MDSE. ATTORNEY

Picnic For Guests
Mrs. H. W. McCullah and Mrs. J. F. Brene of Tulsa, Okla., who are the guests of Miss Nell Price in this city, will be entertained with a picnic party at Nichols park this evening. Other guests present will be Miss Harriet Grisom, Mrs. Elroy Burrus, and Mr. and Mrs. Thomas Grisom, all of Altamonte, and Mr. and Mrs. James B. W. of Albany.

Mrs. Allen Entertains Group of Children
Mrs. J. E. Allen of Rural Route No. 3, delightfully entertained a group of children at her home yesterday afternoon in honor of her little niece, Dorothy Frances Wilson, of Cincinnati, Ohio, who is a guest in the Allen home.

The afternoon was spent in playing games, after which delicious refreshments were served. There were about twenty little folks present.

Hyde Family Picnic at Park
Members and friends of the Hyde family enjoyed an outing and picnic at Nichols park last evening. There were about 25 in

Eat Plenty of Salads in July---

Salads and green stuff a plenty should be a part of the well balanced diet during the hot July weather as an aid to digestion and to eliminate the cause of most summer complaints. For these salads and green stuffs most temptingly and appetizingly served you will need--

Finest Olive Oil

Our Olive Oil is of the finest importation and unexcelled for culinary or medicinal purposes. It has that fine nutty flavor and makes the finest dressing possible for your salad and summer dishes. Per pint \$1.00 per quart \$1.75.

THE ARMSTRONG Drug Stores
"Quality Stores"

attendance. A bountiful picnic supper was served at 6:30 o'clock and the remainder of the evening was spent socially.

Those present included: Mr. and Mrs. Enoch Hyde and son Harold, Mr. and Mrs. George Hyde and daughter Miss Anna-belle, Mr. and Mrs. Earl T. Hyde and son, Mr. and Mrs. Charles Hughes and daughters Lucille and Louise, all of Jacksonville; Mr. and Mrs. T. W. Burdick and daughter Anna Christine, Mr. and Mrs. Walter Hyde, Mr. and Mrs. Hal Naylor, Miss Morgan, and Miss Merle Bennett of Mercedosa, and Audrey C. Hyde and Mr. and Mrs. Raymond Hyde and children of Loraine, Ohio.

CHURCHES

Young People To Hold Picnic Tonight
The various young people's religious organizations of the city will unite in a picnic at Nichols park this evening. The supper will be served at 6:30 o'clock and will be followed by games and contests. All young people are cordially invited to come and bring well-filled baskets.

Centenary Circle Enjoys Picnic
The Queen Esther Circle of the Centenary church which is under the leadership of Mrs. Claude Vail enjoyed a picnic and outing at Nichols park last evening.

A picnic supper was served at 6:30 after which the evening was spent socially. There are about thirty members in the circle, and a good attendance was present.

Never Another Failure-- never a re-cooking

One minute's boiling is all your Jam or Jelly needs

NO longer a trying task! Just add Certo to the fruit when you make your jam or jelly, and every glass jells perfectly every time.

For Certo is the element that makes fruit jelly-- taken from the fruits themselves that are rich in it. Some fruits lack this jelling property; it grows less in all fruits as they ripen. But with Certo no fruit can fail to jell.

And it needs only one minute's boiling. Certo's short boil saves the fruit juice, saves the flavor and color that you lost in the old long boiling down. You make half again as much jam or jelly from your fruit-- and it is lovelier, more delicious than ever. Order Certo today from your grocer, Douglas-Pectin Corp., Granite Bldg., Rochester, N. Y.

CERTO
(Sure-Jell)

"Just boil your fruit hard for one minute and add Certo."

Wiley were in charge of the arrangements of the affair.

CLUBS

Auxiliary Conducts Successful Supper

The American Legion Auxiliary conducted a successful ice cream supper at the Jacksonville State hospital grounds yesterday afternoon and evening. There was a good crowd in attendance and a neat sum was realized from the supper.

During the evening the state hospital ex-service men's band gave a delightful program of music. They also gave a number of drills on the baseball diamond which was much appreciated.

Alexander Club In Musical Program

A musical program was given yesterday afternoon at the regular meeting of the Alexander Woman's club, held at the home of Miss Lillian Kumble. The program was arranged by a committee consisting of Mrs. Harry Foster and Mrs. Frank Johnson, and was as follows:

Piano solo--Miss Dorothea Sergeant.
Vocal solo--Miss Madeline Foster.
Reading--Miss Dorothy Cannon.

Violin and piano--Misses Wilma and Alta Crum.
Roll call--"My Favorite Song."

During the social hour delicious refreshments were served.

Guests present included: Mrs. Newton Wood, Misses Dorothea Sergeant, Margaret Ryan, Margaret Lukeman, Elinor Lukeman, Virginia Gray, Elouise Luttrell and Ruth Henderson, all of Franklin; Miss Dorothy Cannon, Mrs. Wilbur Jeffrey, Mrs. E. E. Mason and Miss Martha Mason, all of Jacksonville; and Misses Wilma and Alta Crum of Liberty.

A WORTHY CITIZEN

Had the late F. H. Stebbins lived till the 17th day of July he would have been a hundred years old. A great many will remember him with pleasure and if he had an enemy in the world the writer never heard of it. He came to Jacksonville with his bride in 1872 and became junior member of the firm of Day & Stebbins, jewelers, and later carried on the business on its own account in the room now occupied by Schram & Buhrman on the south side of the square.

Everybody knew him as "Pap" and his quiet, unostentatious ways, his kindly disposition and invariable good humor made him popular with all who knew him, or some time the squirrels in the central park were committed to his care and he looked after the little pets with pleasure and they came to know and love him.

Once he appeared on the stage and brought down the house. It was in the party scene of "Still Waters Run Deep" where a number of guests with nothing to say are introduced while Mildmay is making his toilet. "Pap" was introduced as Judge Stubbs and received a fine ovation.

He was always ready to do his full part in every good word and work either public or private, as far as he was able, and many a kind deed he did to deserving persons who were unknown to the world. In business he was the soul of honor. He would not rank as one of the old settlers just yet but he was far enough back to deserve a place and name among the persons who helped make our beautiful city what it is.

His widow is yet with her friends, honored and respected and though well along in years yet has good use of her faculties and is a welcome guest among many friends.

WHEAT YIELD GOOD
The wheat yield on the farm of George Hall, one-half east of Savage station averaged 36 1-2 bushels to the acre. There were 22 acres. The threshing was done last Saturday.

Menus for a Family

The nicest way to begin a hot weather dinner is with a chilled course. This may be of fruit or a chilled and jellied bouillon. A chilled if preferred but since fish is a bit hearty it may well be served later fish cocktail may, of course, be used in the meal.

Any fruit cocktail must be thoroughly chilled and very cold when served. The fruit should be cut broken and never be crushed or broken. If just jellied it should be strained before adding to the cocktail. Never make a cocktail too sweet, the tartness of the fruit whets the appetite and too much sweetness defeats the purpose of the concoction.

Cherry Cocktail. 1 cup orange juice, 2 tablespoons chopped and blanched almonds, 1 tablespoon powdered sugar.

Remove stones from cherries, saving the juice. Combine cherry juice and strained orange juice with sugar. Chill fruit and juice separately. When ready to serve put cherries into glasses, sprinkle with nuts and pour over juice. This recipe will serve six or eight persons.

FRUIT SOUP

Two and one half cups raspberries, 3-4 cup sugar, few grains salt, 1 tablespoon arrowroot.

Dissolve arrowroot in a little cold water. Add fruit juice and boil until thick. Stir to keep smooth. Add sugar and salt and stir well. Chill and serve in sherbet glasses. The soup must be very cold when served. Will serve six persons.

Macedoine of Fruit. 1 cup strawberries, 1 cup blackberries, 1 cup raspberries, 1 cup pitted sweet cherries.

NEGROES AND WHITES CLASH IN PITTSBURGH

PITTSBURGH, Pa., July 22. (By Associated Press)—Five riot cases were received by police early tonight to quell what was said to be a riot between whites and negroes in an outlying section of the city. Fifteen police sent on the first call were reinforced by a score of others and detectives.

"The fight" started, it is said, when a white man and a negro became involved in an argument over a game of ball played by boys. A crowd gathered and fighting resulted. First reports were that probably 200 men and boys were engaged in the fight, during which bricks and stones were hurled and several shots were fired.

Police Lieutenant Edward Dunn and Wagonman Herbert Rice were badly injured when they fell over a 50 foot cliff near the scene. They were chasing a man armed with a revolver who later was captured.

With the arrival of police who were armed with riot guns and night sticks, the fighting factions dispersed. Police said there were at least 300 fighting when they arrived. Bricks from nearby building operations furnished the principal ammunition of the mob. Hundreds watched the fight from a safe distance. There were four arrests.

EAST ALTON WITHOUT REGULAR POLICE FORCE

East Alton, Ill. July 22. (AP)—Because of an argument between special policeman Rev. E. N. Mayberry and Constable Charles Hawes, East Alton today was deprived of its chief of police and entire regular police force. Hawes resigned, but said tonight that he would continue to keep order in the village altho no longer in its employ.

The breach was instigated by the sale of several stills captured by Hawes. After demolishing them, Hawes disposed of the stills as junk for \$50. Rev. Mayberry notified State Attorney Brown of Madison county, who ordered the stills seized again.

COHAN CANNOT STAY AWAY FROM BROADWAY

New York, July 22. (AP)—George M. Cohan, the "Yankee Doodle Boy," can't stay away from Broadway. Today he emerged from his recent retirement and admitted that he would soon start rehearsing a comedy, "A Little Thing of My Own," in which he may take the leading part.

OVER 200 GUESTS AT TRI-FAMILY REUNION

The Goveia-Smith-Souza family reunion was held recently at Nichols park, and was attended by about 200 members and friends of the families. The affair was held in honor of Mr. and Mrs. E. M. Goveia of Hillsboro, formerly of this community. Mrs. Goveia is the only surviving sister of the late Joseph C. Smith.

A bountiful dinner was served at noon, with a variety of good things to eat. During the afternoon a number of old friends visited the guests of honor. Those present at the reunion included:

Mr. and Mrs. E. M. Goveia, Mr. and Mrs. Carl Goveia and family, Mr. and Mrs. Glenn Goveia, Mr. and Mrs. Nellie Goveia, Mr. and Mrs. Si Nichols and daughter, Mr. and Mrs. Martin Starr and family and Mr. and Mrs. McClurg and family, all of Hillsboro; Mr. and Mrs. Dick Goveia and family of Litchfield, Mr. and Mrs. Isaac Brown and family of Patterson, Mr. and Mrs. Fred S. Hartman and Mr. and Mrs. John Lewis, all of Springfield, Mr. and Mrs. Joseph H. Smith and Mr. and Mrs. Ray Smith and family, all of Winchester; Mr. and Mrs. Charles P. Smith, Mr. and Mrs. Charles C. Leidy and daughter, Mr. and Mrs. David C. Smith, Mr. and Mrs. David McGloshen and family, Mr. and Mrs. Harry Hall, Mr. and Mrs. Julia Patterson, Mrs. Grace Asher, Mr. and Mrs. Henry Souza, Jr., Mr. and Mrs. Clarence Day and family, Mr. and Mrs. Henry Smith and family, Mr. and Mrs. Joe Baptist, Mr. and Mrs. Charles R. Rinehart, Mr. and Mrs. Alfred Souza, Jr., Mr. and Mrs. Alfred Souza, Jr., and family, Mr. and Mrs. Harry Oliver, Mr. and Mrs. Roy Souza and daughter, Mr. and Mrs. Henry Souza, Jr., and family, Mr. and Mrs. David Fernandes and son, Mr. and Mrs. Tony Fernandes and family, Mr. and Mrs. Martin Souza, Mr. and Mrs. Charles Souza, Mr. and Mrs. Geo. Souza and son, Mr. and Mrs. Scott Jr., and daughter, Mr. and Mrs. Ernest DeGrater and family, Mr. and Mrs. Harry Birdsell, Mr. and Mrs. John Smith and daughter and Mrs. Mary Smith, all of Jacksonville and vicinity.

THE DAY'S MENU.

Breakfast—Stewed prunes, cereal, thin cream, crisp graham toast, milk, coffee.

Luncheon—Jellies salmon salad, cucumber sauce, rye bread, tapioca cream pudding, milk, tea.

Dinner—Tomato puree, croustons, rice with green peas au gratin, hard-cooked eggs and watercress salad, red raspberry blanc-mange, sunshine cake, whole wheat bread, milk, coffee.

Although the cucumber sauce is not suitable for the junior members of a family the sauce is so good that the recipe is included. With this exception there are no dishes suggested that may not be served to a child four years of age.

No meat is planned in the dinner menu, the eggs in the salad and the cheese in the rice and pea dish making up the deficiency. (Copyright 1925, NEA Service, Inc.)

Mrs. J. G. Wester and Children.

Mrs. John Hall of Arcadia shopped in the city Wednesday.

DENIES EXPANSION OF HAWAIIAN ISLANDS

HONOLULU, July 22. (By Associated Press)—The theory of York that the Hawaiian Islands will equal Japan in extent of territory thru gradual earth movements within the next generation, was discounted today by Dr. H. E. Gregory, director of the Bishop Museum and professor of Geology at Yale University.

There is no indication of any rapid earth movement in Hawaii, Dr. Gregory said and the last decisive rise of the islands probably occurred millions of years ago.

"There has been no continuous or progressive rising or falling of the islands since tertiary times when the islands several times were highest than at present, and also lower several times. There is evidence that continuous land connected the islands at one time. There is, however, no reason to suppose that any progressive uplift of the island is likely, but changes in the position of the islands with reference to the sea and their submergence and emergence are to be expected. However, they will be gradual and not noticed for many generations."

You Owe It To Your Wife

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced "Mother's Friend," a remedy "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. Use 'Mother's Friend' as our mothers and grandmothers did. Don't wait until today and wish you had written to Bradford Regulator Co., B. 175, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

THE TORNADO
Season is Here!

Where will it strike next?

The best you can do is to provide against financial loss.

You can insure against loss from damage or destruction of your buildings and contents.

FAVORITES LOSE IN EXCHANGE CLUB TROT

Todd Hart, Clinton, Ia., Horse Wins Over Trumpet and Hollywood Jessie, Both Strong Favorites

KALAMAZOO, Mich., July 22. (AP)—Todd Hart, bred and owned by C. D. Hart, Clinton, Ia., automobile dealer, topped over Trumpet and Hollywood Jessie, favorites in the eighteenth renewal of the \$10,000 Exchange club purse here this afternoon by a burst of speed that carried the gelding to victory in the second and third heats after finishing in second place behind Trumpet, the Tommy Murphy entrant in the first mile.

It required an extra heat to decide the 2:07 trot with Christie Mac, Hurry Up and Cupids Albino each holding a heat.

Christie Mac won the extra heat and race, while Cupids Albino

CAPPS TEAM KEEP SEASON SLATE CLEAN

Twilight League Leaders Defeat State Hospital Before a Special Crowd 5 to 0—Wood Gets Three Bagger and Home Run.

Before a good crowd, and with enthusiasm at fever heat, the Capps team of the Twilight League defeated the State Hospital grounds by a score of 5 to 0. Ray Zell for Capps, and Tavenear for the Hospitals, both pitched excellent ball, the two hurlers registering several strikeouts.

Wood, first baseman for Capps was the heavy sweat artist of the evening, connecting for a three-bagger and a home run in three times at bat.

The State Hospital band furnished music during the game.

CHIEF BENDER BACK IN HARNESS FOR SOX

BATTLE CREEK, Mich., July 22. (By Associated Press)—Chief Bender, restored to the active list by the Chicago White Sox, pitched three innings of an exhibition game against the Battle Creek All-Stars today, the American Leaguers winning 8 to 1. The fans requested Manager Collins to send the veteran "Red" Faber to the hill and Faber worked the first inning. Little Mike Cengros, left hander, relieved Faber and Bender pitched the last three innings. The lone run of the Battle Creek team was made by Smith who unworked a four bagger off Cengros.

Score:
White Sox 412 000 001-8 16 1
Battle Creek 000 001 000-1 5 5
Faber, 1b.....5 0 0 0
Grabowski, 2b.....5 0 0 0
Ames, 3b.....5 0 0 0

DEMPSEY HAD JUST MADE IN GERMANY

Berlin, July 21. (AP)—A marble bust of Jack Dempsey has been acquired by the National Gallery. It was made by the Italian sculptor Ernesto Biondi during the American pugilist's recent Berlin visit.

Hans Breitenstetter, German heavyweight persuaded Dempsey who at first was reluctant, to pose for the bust. In the argument Breitenstetter said:
"Look here, Jack, if you get killed you will be forgotten soon. Your only chance of being remembered then would be in this statue. You'd better pose."
That convinced Dempsey and he posed.

PETE SARMIENTO OUTPOINTS ANDERSON

Cleveland, O., July 21. (AP)—Pete Sarmiento of the Philippines, outpointed Eddie Anderson, the Wyoming bantamweight in one of the greatest 10-round bouts ever seen in Cleveland tonight. Anderson scored two knockdowns for counts of seven and five in the first round with rights to the jaw. Sarmiento came back strong in the second and floored Anderson twice for counts of eight and nine. There were two more knockdowns in the ninth, both men taking counts of nine.

Freedom From Stomach Distress

Armstrong Drug Co., Has The Remedy and Guarantees it to End Indigestion or Gastritis. So Why Be Miserable?

You can get one bottle of Dare's Mentha-Pepsin and if after you take it you do not say it did your stomach more good than anything you ever used before, your money will be waiting for you.

This delightful and effective elixir not only gives instant relief from gas, fullness, heartburn and distress after eating, but taken regularly for a short time will turn your weak, run down stomach into a strong, healthy one able to perform its duties without help.

It ends indigestion, gastritis, catarrh of the stomach and does it in a surprisingly short period of time.

Dr. Wm. W. Morgan, a prominent dentist of Bridgeton, N. J., writes: "After suffering severely with gastritis and other stomach troubles, a friend gave me a bottle of Dare's Mentha-Pepsin. I had obtained little relief from other remedies, but four bottles entirely ended the trouble." Get it at Armstrong Drug Co., and all regular druggists everywhere.

WINS PENNSYLVANIA GOLF CHAMPIONSHIP

Philadelphia, July 22. (AP)—Joe Turnesa, professional of Fairview, N. Y., today won the Pennsylvania open golf championship at the Merion Cricket club, Haverford, with a total of 281 strokes, for the 72 holes. J. Wood Platt, Philadelphia amateur finished second and Emmett French, Youngstown, Ohio, third.

VINCENTINI BACK FOR SCRIP WITH GOODRICH

New York, July 2. (AP)—Louis Vincentini, Chilean lightweight, returned to the United States today from his native land seeking a bout with Jimmy Goodrich, recently crowned lightweight champion.

Vincentini's first battle is likely to be against Solly Seaman of New York at the Queensboro Athletic club on August 17.

ROSENBERG-SHEA BOUT POSTPONED

New York, July 22. (AP)—The Charley (Phil) Rosenberg-Eddie Shea bantamweight title match postponed tonight by a series of showers which flooded the wooden saucer of the Velodrome A. C., will be held tomorrow night, weather permitting.

Get your Chautauqua tickets at the Farmer's State Bank.

ROYAL GIANTS WILL MEET INDEES SUNDAY

On account of the recent showing of the Jacksonville Indies, especially in last Sunday's tilt with Kincaid when won 14 innings to a 5-5 tie, Frank Smith is going abroad with more teams of tough calibre to appear as foes of the locals. Smith has succeeded in lining up what he promised local fans before the opening of the season, a real ball club, and no one who has witnessed the recent struggles can conscientiously say that the games were not as exciting as they should have been.

For next Sunday's foe, Smith has contracted with the Royal Colored Giants of New York City, who for the past two seasons have been consistently winning against the best semi-pro organizations in the eastern states. For the past two weeks they have been playing in the vicinity of Chicago, having met the American Giants and Cuba All-Stars recently. The smoke-colored athletes demanded an unusual guarantee to appear here, and as Smith has met their conditions local fans can do their part by cheering the Indies on to victory with a banner attendance next Sunday afternoon. Howard Fryman will be on the rubber and should acquit himself well as the coming shown in the long grind last Sunday well indicates his present condition.

Smith also announced last night that Kincaid will be back here the following Sunday, August second, to again try conclusions against the Indies.

BOULOGNE, France July 22. (By Associated Press)—Gertrude Ederle, the American swimmer and her trainer, Jabez Wolff, arrived here this afternoon and proceeded immediately to Cape Gris-Nez where Miss Ederle will await favorable weather and sea conditions for her attempt to swim the English channel from the French coast to England.

Miss Lillian Harrison of Buenos Aires, who made an unsuccessful try to cross the channel 10 days ago also is at Cape Gris-Nez with the intention of trying again when favorable conditions prevail.

BERLENBACH WILL MEET DELANEY IN AUGUST

New York, July 22. (AP)—Paul Berlenbach of Astoria, N. Y., world's light heavyweight champion, will meet his long-time enemy Jack Delaney of Bridgeport, Conn., in a 15-round title match at the Yankee Stadium, August 28. Tex Rickard announced today.

MIXED DOUBLES PLAY PREVENTED BY RAIN

Manchester, Mass., July 22. (AP)—Rain prevented play in the mixed doubles matches in the women's invitation tournament at the Essex Country club here this afternoon. The rain however, held off until several matches had been decided in the doubles play.

FRANK O'NEILL WILL RIDE IN GERMANY

Paris, July 21. (AP)—The American jockey, Frank O'Neill, who is considered the premier jockey of France, has accepted terms to ride in Germany. O'Neill will join Everett Haines, another American who has been riding the famous French horse Epinard, but who is at present leading the jockeys on the German turf.

Madam:

YOU know lots of stock names of foods, household materials, goods that you have tried and asked for. You know that Ivory Soap floats, you know Old Dutch Cleanser chases dirt, and you know that it is Gold Medal Flour—Eventually—but how do you ask for Coal—a ton?

Ask for Genuine Zeigler, it is much hotter and cleaner—it is free from smoke and soot—it does not clinker or clog your grates, and it gives you a hot fire that leaves little ash.

Find the right coal and stick to it—buy by brand. One trial of Genuine Zeigler makes you a booster.

Total bond sales	\$13,751,000

NEW YORK, July 22. (By Associated Press)—Reactionary price movements held sway in today's stock market which, encumbered by a top-heavy technical position offered only feeble resistance to selling pressure. Scarcely a dollar movement resulted in the maintenance of stiffer rates for constructive operations and enabled speculators for the decline little opposition.

Trade developments were mainly favorable, but were ignored in the rush of traders to take profits and in the concentration of professional selling in the standard leaders.

Constructive news included the resumption of dividends by the Goodrich Rubber company another increase in weekly carloadings, optimistic reports regarding steel operations and the trend of steel prices and estimates of a further falling off in crude oil production. While the day's setback embraced all representative departments of the industrial list, and most of the leading rails, several stocks moved counter to the general trend and closed the day one to three points higher. International Harvester, responding to better business as a result of re-habilitated purchasing power of the agricultural communities crossed 117 to the highest price since the post-war deflation. The stock closed 13 points higher at 115.

The success of the bearish element in turning the course of prices downward was reflected in losses of a point or more by market leaders such as American Can, U. S. Steel, DuPont, Mack Trucks and Studebaker.

A shortage of loanable funds was evident in the marking up of the call money renewal rate to four percent and its subsequent advance to 4 1/2 percent.

Time money and commercial paper rates remained unchanged in a quiet market. Foreign exchange trading was devoid of features. Demand Sterling hovered around 48 1/2 with slightly lower levels prevailing for French francs, Italian lira and the Scandinavian currencies, which reacted after a recent rise to new high levels.

CHICAGO CASH GRAIN

CHICAGO, July 22. (AP)—Wheat continues in good demand in the cash market and offerings have been slightly better. The market was easier with the futures. The trading basis for red grades advanced 1/2 to 1 1/2 with No 1 and No 2 at 2 1/2 over the July price. Hard grades were unchanged to 1c higher and spring grades were nominally unchanged. Local shipping sales were light at 3,000 bushels. Deliveries on July contracts were 165,000 bushels. The seaboard reported export business slow and very little done overnight.

Outside cash markets were strong with Minneapolis premiums on choice steady to 1c better. St. Louis and Kansas City reported cash prices strong.

Corn was weak and the market finished unchanged to 1c easier. Oats were steady and prices remained unchanged. The trading basis was unchanged to 1c better.

Cars inspected: wheat 205; corn 63; oats 55.

CHICAGO BUTTER MARKET

Chicago, July 22. (AP)—The butter market today developed steadier undertone altho trading was quiet. The few sales reported were mostly small lots for immediate consumptive grades.

New York Grain

NEW YORK, July 22. (AP)—Wheat—Spot steady; No 1 Dark northern spring 1 1/2 New York lake and rail, \$1.74; No 2 hard winter 1 1/2 lake and rail \$1.70; No 2 mixed durum do \$1.60; No 1 Manitoba do in bond \$1.76; Corn—Spot steady; No 2 yellow 1 1/2; track New York all rail \$1.27; No 2 mixed do \$1.26; Oats—Spot steady; No 2 white 56.

St. Joseph Livestock

St. Joseph, July 22. (AP)—Hogs—receipts 3,500; 25 to 35c higher; top 13.85; bulk 13.25 to 13.45.

Cattle—receipts 3,500; steady; butchers \$8.20 to \$13; top \$14.25; cows and heifers \$3.25 to \$12.50; calves \$4 to \$9.50.

Sheep—receipts 3,000; steady to 25c higher; lambs 13.50 to \$14.85; ewes \$6.50 to \$8.

Indianapolis Livestock

Indianapolis, July 22. (AP)—Hogs—receipts 5,500; 15 to 35c higher; heavies \$14; lights 14.40 to \$14.50; top \$14.60.

Cattle—receipts 5,500; steady; butchers \$7.50 to \$13.25; cows and heifers \$4 to \$11.25; calves \$9 to \$11.

Sheep—receipts 600; steady; butchers \$6 to \$7; lambs \$10 to \$12.50.

WHEAT DROPS HEAVILY, CORN SLIGHTLY HIGHER

CHICAGO, July 22. (By Associated Press)—Sudden fresh overturning of wheat values took place today. Ideal weather conditions for the new spring crop, together with unusual dearth of export business, left the market almost at the mercy of sellers. After falling to 1 1/2 to 1 5/8 under Saturday's top figures, wheat rallied somewhat and closed unsettled, 1 1/2 to 2 1/2 below yesterday's finish, with today's last sales 1.47 1/2 to 1.47 3/4 for September delivery and \$1.48 1/2 to \$1.48 3/4 for December. Corn finished 3c to 2 1/2c up, but at 1c decline to 1c advance, and provisions varying from 7c off to 5c gain.

At first there was apparently much less disposition than of late to take the selling side of the wheat market. This circumstance was
